

2023 Medical Student Service Leadership Project Grant

Purpose: AΩA is committed to preparing future leaders in medicine and health care. Leadership is about making a positive difference and can be developed through education, observation, experience, and by working with leader mentors. Service learning provides excellent opportunities for students to develop as servant leaders.

The Grant: The grant is a three-year grant - \$5,000 the first year, \$3,000 the second year, and \$1,000 the third year. The grant will be paid to the sponsoring institution. No indirect costs will be paid.

Eligibility:

- A team of students at a school with an AΩA Chapter or Association. Teams with AΩA members serving as team leaders will be given priority consideration.
- Proposals with matching institutional or dean's funds also will be given priority consideration.
- Only one team from each school may be nominated.
- Only one proposal may be awarded to an institution every three years.
- Applications must be for new projects with the potential to generate future support from the medical school or other sources, not supplemental funding for existing programs. A new component of an existing program is eligible.
- All AΩA members (Mentors, Dean, Councilor, students) in the submission packet must have active dues status.

Requirements:

- A service-learning project for an underserved population, e.g., the indigent, immigrants, refugees, homeless, etc., or a service project related to leadership and professionalism in a school, hospital, or clinic. Submissions must demonstrate leadership for students and have a leadership curriculum component.
- A description about how the program, mentor, and service-learning experience will teach leadership.
- A detailed description of the ways in which the project will incorporate leadership development into the student's curriculum experience.
- A detailed description of regular team meetings with the mentor related to leadership, service, and reflection.
- Submission of an annual progress report after the second year (by March 28), and a final report to AΩA upon completion of the third year (also due on March 28). Funding for the second-year and third-year is contingent upon acceptance of the report for the previous year's work.

Dates for application:

- 2/21/2023 Online application from the AΩA Councilor to AΩA
- 4/28/2023 AΩA announces award recipients
- 2/28/2024 First-year progress report due to AΩA, including budget
- 2/28/2025 Second-year progress report (+ budget) due
- 2/28/2026 Final progress report with details of measurable outcomes achieved

Application to the Councilor:

The Councilor and his/her selection committee will choose the proposal judged to be the most promising and with a high probability of completion. The following must be submitted:

1. The completed application (see attached);
2. A four-page description of the project with a detailed budget written by the student team leader(s). Details of the role of the students in project preparation, execution, and leadership;
3. Description of the team and team leaders and leadership components, including ways in which students will have opportunities to develop leadership skills through the curriculum;
4. Description of AΩA Chapter role in project (if applicable);
5. Description of the role of the faculty mentor(s)/advisor(s), and leadership curriculum for the students;
6. A letter of support from the faculty mentor(s) that indicates the mentor's commitment of time and interest to the project, the students, and leadership development; and
7. Faculty mentor biosketch(es) (three to four pages).

Application to AΩA:

The proposal selected by the Councilor must be submitted online through the AΩA website and must include, in addition to the above items:

1. A letter of endorsement from the AΩA Councilor;
2. A Dean's endorsement that comments on the student team leader's achievements and potential, and the suitability of the faculty sponsor for mentoring; and
3. Commitment of matching funds by the Dean or school.

All materials must be submitted online through the AΩA website by February 21, 2023.

Questions should be directed to Libby Appel at 720-859-4149 or msslp@alphaomegaalpha.org.

All AΩA awards, fellowships, grants, and program submissions must be electronically submitted through the appropriate page on the AΩA website.
